African Porcupine Quills

8331NM You probably wouldn't want to run into the African porcupine that produces these quills! 6-7 inch cream to rust colored quills have areas of dark brown for striking striped look hair sticks, etc. **\$18.00/10; \$2.70 ea**

Abalone High quality abalone is more and more difficult to find. Pearlescent and highly iridescent in a range of violets, reds, greens, and blues, on gray background - often layered areas -the shell is prized for its beauty. One side of most pieces will be from the inner surface, the other side will tend to be irregular and pitted, and have areas of red color from the outer shell.
