

**Mother-of-Pearl Shell (MOP)** Cut from the inner layers of mollusk shells, some pearl shells have iridescence on white, ivory or beige backgrounds. Some have the luminescence that results when light penetrates surface layers and returns in the shimmering shifting tones characteristic of pearlescence.

**537NB** White MOP beads have iridescence on white. 16 inch strings.

**Chips**

(36 inch stg):  
**\$5.70/stg**

**2mm: \$5.25/stg**
